

TO HOLD OPEN HOUSE ON SATURDAY

PROFESSOR WISE PREPARING GIANT HAWAIIAN BANQUET

Aggie Club Plans for Big Luau on University Grounds

EXPECT GALA AFFAIR

Great Quantities of Pork, Lau-lau, Poi are Secured

Campus day will draw to a fitting close with a real Hawaiian luau under the direction and supervision of Prof. John Wise, the father of perhaps one of the greatest football players ever developed in Hawaii.

The luau is scheduled for 6:30 o'clock and arrangements have been made to seat more than 1,000 students and guests.

Five Long Tables

Five long tables are to be placed under tents in front of Hawaii Hall. These tables will face a platform where hula dances and musical numbers will help enliven the feast. David Bray will present the hula dancers and the music has been left to Sam Kahana-moku with his ukulele players and singers.

The food will be especially prepared under the supervision of Professor Wise. Arrangements have been made to do the cooking down town as the university has no facilities for barbecues. And the cooking will start Thursday night, for, according to custom, it takes at least three days to properly prepare pig and fish for a real Hawaiian luau.

Friends Donate

Friends of the school have donated liberally. Senator Francis Brown has kicked in with 100 pounds of fish, mostly mullet, from his private pond. Senator Rice of Maui who will push through the legislature an appropriation for a new gymnasium, has sent over a 200 pound hog, while Senator George Cooke from his Molokai ranch has matched this porker, with a 210 pounder.

The luau is bound to be a genuine success. Girls from the women's department under Gladys Pearce will act as waitresses and Nina Bowman is in charge of the musical program.

Typical of Hawaii

Typical of Hawaii is the luau, and the University is preserving ancient traditions.

It should be a grand feast and every place is sure to be filled.

An added attraction to the campus on University Day will be the baseball game staged at Cooke field between the Deans and the Mutual Telephone nine. The game is to be one of the regular league contests, and will start at 3:00 o'clock in the afternoon.

PINEAPPLE EXHIBITS WILL BE INTERESTING

Dr. Illingworth's work in pineapple experimentation will be of particular interest to visitors who are invited to inspect the work which is being carried on in his department.

The pineapple cages behind Dr. Illingworth's office are especially interesting. By means of the glass sides of these cages one can get an excellent view of the root growth of the pineapple. By inspection with the microscope one can even see the tiny magots which feed on the roots and harm the pineapple.

This department is one which anyone interested in the latest discoveries in pineapple research cannot afford to miss.

Rainbow Track Team Takes Second Honors

Cruz Breaks Javelin Mark; Lemes Hurts Arm in Jump

The University of Hawaii track and field team won second place in the annual A. A. U. meet held at Alexander field last Saturday afternoon, when five Hawaiian records were slashed by the contestants.

Outrigger won the meet with 69 points. University took 59½, Palama 49½, Army 11, Unattached 4, and Y. W. C. A. 3.

Cruz Breaks Record

Antonio Cruz, of the university, broke the island mark in the javelin with a heave of 170 feet 4½ inches, which was 4 inches better than Cruickshank's record. Billy Mountcastle and Bernard Farden, university track flashes, suffered from pulled tendons, which was a big blow to our team.

Al Lemes, who captured the broad jump, hurt his arm rather severely on his last jump, when he lost his balance and fell on his arm.

The results of the meet follow:

Track Events

100 yds. dash—Melim (OCC), Crozier (OCC), Gerdes (UH), Ching (UH). Time: 10 sec. flat.

220 yds. dash—Melim (OCC), Penhallow (OCC), Ching (UH), Gerdes (UH). Time 23 1-5 sec.

(Continued on Page 3)

Students Preparing Exhibits of Artwork

The work to be exhibited by Professor Minnie Chipman's class in color and design, bowls of gay flowers, fairy castles, dream ships, designs for greeting cards and embroideries, shows that the students have entered into the spirit of the course.

The course in color and design is so planned as to give students a good understanding of the principles which underlie all phases of art work, especially work in costume, textiles, home arrangements, and the crafts. Color study includes the working out of harmonies and consideration of the pigment and prismatic theories in relation to the types of design for which they are adapted.

The power of expression in beautiful line, dark and light, and color, is developed through a series of problems in composition from geometric, flower, animal, figure, landscape and abstract forms. Creative design is emphasized and the student is encouraged to produce imaginative compositions based on abstract forms and expressed in full color.

Science Departments To Demonstrate Work

Exhibits, showing the work of the science departments will be shown in Gartley Hall on Saturday. The chemistry department will have several interesting things on display. To date the physics department has not announced the nature of their exhibits, but Dr. Paul Kirkpatrick always puts over surprises.

Prof. Frank T. Dollingham is to show several interesting items concerning sugar and its analysis. Dr. Earl M. Bilger has a very interesting piece of apparatus which he has constructed illustrating the artesian water supply of the islands.

He will also show methods of distillation and of extraction. Dr. Richard Wrenshall is to show some phase in the manufacture of chaulmoogric acid derivatives.

This is the first time so large an exhibit is to be shown by the chemistry department. All exhibits are being set up in room 107.

UNIVERSITY DAY PROGRAM

10 a. m.—Opening of all Exhibits (exhibits open to public throughout entire day).

11 a. m.—Inter-class Swimming Meet.

1-2 p. m.—R. O. T. C. Tournament. Best Soldier Contest. Horse-shoe Tournament.

3 p. m.—Baseball game between U. H. and Mutual Telephone nines. team.

2:30 p. m.—Dress Rehearsal, Hawaii Hall.

5-6:30 p. m.—Band concert.

6:30 p. m.—Hawaiian Luau and Entertainment.

8 p. m.—Smoker, Jiu jitsu, fencing.

FASHION REVIEW IS PLANNED FOR "DAY"

Household Art Students to Give Style Show Saturday

One of the most interesting features of "University Day" will be the dress review given by Madame Dahl and her students in Household Art. Coats, hats, dresses, flowers—hand painted and hand made will be on display. Every thing has been made by the girls, who will act as mannequins for the occasion.

Miss Sylvia Dean will wear a green flannel sport coat for general wear, with a grey and green hat of felt and flannel. The summer ensemble will be a study of pink and orchid.

Miss Leonie Schwallie will appear in a shaded fushia crepe; the flower is hand made and the material dyed by Miss Schwallie.

Satin Dinner Gown

Miss Betty N. Steere will wear a bouffant dresden silk evening frock. She will also display a black satin dinner gown combined with shaded pink.

Miss Betty Smith will show a black crepe ensemble embroidered in gold leather with cerese leather applique suitable for more formal wear.

(Continued on Page 4)

NOMINATIONS MADE FOR 1927-8 BOARD

Nominations for 1927-28 A. S. U. H. officers and members of the Executive committee, have been announced by the present Executive committee.

Further nominations may be made over the signatures of ten members of the A. S. U. H., to President Daniel K. Aiona, before Monday, April 25.

Election on 29th

The election of officers, other than the Executive committee, will be held on Friday, April 29, by Australian ballot.

The members of next year's Executive committee will be chosen at an election on Friday, May 13.

Ex-Board Nominates

The following nominations are announced by the Executive committee: President: Hung Wai Ching, Percy Lydgate.

First Vice-President: David Yap, Gladys Pearce.

Second Vice-President: Percy Smith, William Moragne.

Treasurer: K. C. Keyes, Arthur Zane, Earl Nishimura.

Secretary: Venus Gay, Eva Young. Kapalapala Editor: Kam Tai Lee, Juanita Lemmon.

Ka Leo Editor: Stowell Wright.

Executive Committee: H. W. Ching, R. Rice, R. Weight, P. Smith, W. Kaao, Gladys Pearce, Alice Dennison, Percy Lydgate, J. J. Gerdes.

Faculty Advisor: Prof. T. M. Livesay.

Waialua Conference Declared a Success

Annual University Confab Attended by Thirty Men

Thirty students, faculty men and leaders enjoyed one of the best student conferences yet held by the Student Christian association of the University of Hawaii, which was held last week from Thursday to Saturday. The hours of discussion and preparation which the Cabinet men put upon the Conference program made possible a smooth running, stimulating and especially helpful program at this year's conference.

Students Show Leadership

The entire management of the conference was well handled by President David Yap and his corps of leaders. From the taxing job of managing hungry K. P.'s, which Shiku Ogura excelled at, to waking up a late sleeper with "buckets of water" which Percy Smith administered in finished style, everything went off in order and fine shape.

Theme of "Life's Meaning"

Narrowing the entire conference down to the one theme of discovering and learning to live the life of higher values, all members of the conference were brought face to face with life's

(Continued on Page 2)

Berndt Preliminary Contest on Friday

The preliminary contest for the annual \$100 Berndt contest in extemporaneous speaking will be staged in Room 107, Hawaii Hall, at 7:30 o'clock Friday evening, according to Prof. John M. Baker, chairman of the committee in charge of the contest.

Any student is eligible to compete. The general subject is the question of Philippine independence. Each student who tries out in the preliminaries, is expected to speak about four minutes upon the subject that falls to him, in the drawing of lots.

Topics Announced

The topics to be discussed are as follows:

1. Rights and opportunities of the small property holder as affected by American capital.
2. Economic Resources of the Philippines.
3. American Occupation and Philippine Credit.
4. Tariff Protection and Markets for Philippine Goods.
5. Racial Unity and Diversity.
6. Religious Unity and Diversity.

(Continued on Page 3)

Military Review And Contests Are Billed

As a special feature of the University Day program, the R. O. T. C. department will put on a program, starting at 1 o'clock Saturday afternoon. The first event on the military program will be a review, received by Governor Wallace R. Farrington, General Lewis, Delegate to Congress Houston, and President D. L. Crawford. Following the review, will come the best soldier contest, one of the most interesting events of the entire program. Medals are to be awarded for the winners in this contest.

Other numbers on the program include a centipede race, equipment race, tug o' war, pick-a-back race, and barrel fight. After the various events have been run off, medals and ribbons are to be awarded. There is considerable rivalry between the various companies for the largest number of honors, and the competition is expected to be even keener than it was last year.

FRIENDS, ALUMNAE ARE WELCOMED TO CAMPUS PROGRAMME

Second Annual Homecoming Day Plans Being Completed

EXPECT 1000 GUESTS

Exhibits, Shows, Sports are Planned for University Affair

Started a year ago by the Aggie Club, "University Day" is to be observed by the University of Hawaii next Saturday in order that visitors may inspect the campus and enjoy the program offered. The gala affair this year will eclipse the one of the past year in all ways, university authorities feel.

Final plans and details have been completed, Otto Klum, general chairman, announces. Classes will be excused for the whole day, and students and faculty members will play host to the people of this city and of the Territory.

To Acquaint Public

Director Klum in explaining the details of this affair states that the chief object for the holding of such a campus day is to acquaint the general public with the work and accomplishments of the university.

"We want the townspeople to become acquainted with our university. Many parents of university students do not know what the university is offering in the education of their sons and daughters. On this day, we urge students to bring their parents and friends and show them the university."

Chance for Reunion

"Our other aim is to afford a time and place for all university alumni members and former students to gather together for an annual reunion. What would be a more fitting occasion than this, to come together and recount the reminiscences of the past?"

A Big Luau

One of the main features of the day's program is a luau which will start at 6:30 p. m. on the campus. The luau is under the supervision of Professor John Wise, the university's "kahuna." "Kahuna" Wise has negotiated donations of pork and fish from Senator Francis Brown and other friends of the university, who Professor Wise says, have been very generous and kind in aiding him.

"Tell the students and friends of the college that I have not used my witchery in obtaining the foods from the various people, nor am I going to kahuna them when they partake of my foods at the luau. On the other hand tell them that after they have partaken of the luau foods next Saturday, they will be forever immune from being 'kahunaed' by any other kahuna in the islands. I promise you this for I am the supreme master of them all," "Kahuna" Wise states.

(Continued on Page 3)

SENIORS INVITED TO DANCE BY SOPHOMORES

The senior class will be the guests of the sophomores at a dance to be given at the Oahu Country club on Friday evening, April 29, starting at 9 o'clock.

Members of the other two classes may attend, upon paying 75 cents per person.

Outside friends must be accompanied by university students.

Every senior and every sophomore (who has paid up his dues) will receive one "bid," admitting one person, according to President Percy Smith, of the sophomore class.

The music for the dance will be furnished by the Hawkshaw orchestra.

EDITORIAL

UNIVERSITY DAY

UNIVERSITY DAY! Campus Day! Our Day! Three more days, and Saturday, the Big Day is here! Are you ready for it? On Saturday we open the university to the public and to our alumni. To be sure, every day the university is open to our friends. But on Saturday the gates of welcome are especially wide open. There are to be exhibits of every department; the students are to act as guides to all visitors; a program of sports and various contests is being prepared; and a Hawaiian luau, followed by a smoker, will also be staged. Let's kokua, and make it a big day! Eight hundred willing hands to help! Let's go!

KNOW YOUR UNIVERSITY

Do you know your University? Do you know enough about the campus to make a good guide for visitors to our campus on Saturday? If so, fine! If not, let's brush up. Learn what's what on the campus; where the various departments are located, what kind of work is carried on in the various campus buildings, who's who in the university, etc. Not only because of University Day, but because we should know anyway!

THE COMING ELECTIONS

The election of A. S. U. H. officers for next year will be held on Friday, April 29. On Friday, May 13, the Executive committee will be chosen. At both elections there should be considerable care taken by the student-voters to see to it that good, capable men are elected to office. This year we have had a good administrative staff, that has done much to keep up a high standard of official responsibility and activity. The Executive committee has presented its choice of nominees for next year. Look over the list carefully, and pick wisely. If you have other nominations, get them in on time. And when Friday April 29th, comes along, cast your ballot. Your vote is just as essential in the maintenance of our student government, as anyone else's vote.

OUR AUDITORIUM PETITION

But a few bare days remain before the present session of the Territorial legislature is drawn to a close. Some 600 university students not long ago presented a petition to the legislature, through Senator Rice, asking for a much-needed auditorium. As far as we know, nothing has been done on the petition, as yet. We need an auditorium badly. Were it not so, we would not have gone to the trouble of preparing and signing the resolution. The petition has been presented. We have a right to expect that something be done about it.

COLLEGE WORLD

Boston University—

Boston University has the distinction of having the only feminine fire department to be found in any college of the United States. Miss Ruth Held of Bridgeport, Connecticut, a student at the University, is chief of the department. As yet no fire has to be conquered, but the girls are ready to handle any. The uniforms which these firewomen wear denote that their organization means business.

A DEBATING EXPEDITION

Each year the university football team engages two or more mainland collegiate teams for games, either here or on the mainland. Next fall our team makes a trip to California for a game against Occidental.

Along with our sporting enterprises, how about sending out a forensic expedition, either to continental United States or to the Orient? A debating team of three university students, representing the cosmopolitan nature of our population, debating questions of vital interest to Pacific peoples, would be a good investment for the university. It would not only boost our university, but it would do much to bring about better understanding among Pacific peoples. It would be a lot easier financial undertaking than the annual football projects. We can do it. Why not?

WORKING FOR PEACE

It is a strange bit of irony that today everyone says that he wishes peace, yet when somebody has enough gumption to work for peace, he is at once the target of suspicion and criticism. If he dares to believe that militarism is an obstacle rather than a help to peace, he must be a Bolshevik or a traitor, or what-not! If he dares to question the system of conscript service, in the form of compulsory R. O. T. C., he is an agent of the Third Internationale (whatever that is, in the minds of those who make such charges)! If we are to make good our proud American boast that this is a land that tolerates free expression of individual opinion, we have got to practice what we preach, and be actually tolerant and open-minded in the face of opinions that are contrary to our own. We shall get nowhere by suppression of the other fellow's opinion on such a vital issue as militarism and peace.

University of Washington—

Amateur sleuths and treasure hunters are offered a \$25 prize if they succeed in recovering a dainty, jeweled garter entrusted to a woman student here for safe-keeping. The thrill of "Getting Gerties Garter" combined with the monetary reward, is creating wide interest among the men in the hunt for the elusive elastic.

Ohio Wesleyan University—

This university claims the oldest living graduate of any American college or university. Samuel Wesley Williams, who was graduated from Ohio Wesleyan in 1852, has just passed his ninety-ninth birthday.

University of Minnesota—

Orange tinted cheeks and raven hair may prove disastrous and co-eds are warned concerning their use by the director of pharmacology at the university. Shaded powders and brilliant lipsticks are poisonous as they contain detrimental dyes and often bring severe illness to the user.

Ohio State University—

While the university swimming pool is undergoing extensive repairs, co-ed physical education students at the university are learning to swim by practicing the strokes on a smooth floor in the gymnasium.

Yale University—

A group of Yale students have formed an aviation club. An effort will be made to buy an airplane and to make frequent flights.

University Conference Is Declared a Success

(Continued from Page 1)

real purpose and challenge.

The Rev. Stephen Mark's talk Friday morning was one of the outstanding addresses of the conference. He spoke on "Life's Meaning" and gave all who heard him a finer appreciation of one's place in life and how to fit into it.

Balanced Vacation

Richard Sakimoto as leader of recreation succeeded in pulling off the best recreational program yet held at a student conference. Not over-emphasizing the exercise but fitting it into each day, it afforded more laughs and fun than a "barrel of monkeys."

Takata Champion

Harry Takata, running true to "Barney Google's Spark Plug," nosed out Philip Westgate by one eighth of an inch for the conference barn-yard golf championship. Andrew Wong's team went to defeat under Kuniyuke's star ball players.

Crawford Closes Conference

Saturday evening in the growing dusk and beauty of a full rising moon, President Crawford spoke to the men on "Living" the Life on the Campus." Every fellow at the final meeting learned more than ever of the real purpose, challenge and idealism that lies at the very door of every student's life, demanding a renewed decision to recognize responsibility and begin with one's self in making all of life have more meaning.

President Crawford said, "Any student who seriously thinks about life's purpose and the experiences of life in the social order we are now living in, cannot possibly live a selfish life."

President Crawford's talk followed closely the general thought and expression of the whole conference and brought home to the minds of all present the thought that it depends on each student to get down to business and find his own personal needs and place in the student life.

Need for Aspiration

"Men and women of today need to give themselves more freedom for letting their minds and hearts aspire to the higher values in life's experiences. Not only once a year, such as at conferences, but frequently should students arrange their time and actions so as to have the opportunity for inspiration, thoughts on ideals and the experiences of life that do not depend upon things and the common-place routine of daily life. A fellow who does not have the experience of times of reflection, inspiration and idealism does not live; he is dead."

Appreciation

Members of the conference expressed their appreciation for the leadership and help of the following people: Mrs. Katherine Eddy, the Rev. Stephen Mark, Merle Scott, Scott Brainard, the Rev. Norman Schenck, Prof. W. C. Smith and President David L. Crawford.

Re-Union Planned

Some time in May the members attending the conference will convene and re-new the fellowship and inspiration of the conference. The place will likely be Pagoda Island.

DWIGHT RUGH.

University of Michigan—

Two students of the university were overcome by tear bombs thrown by police in a riot when a mob of approximately 500 students attempted to rush two down-town theaters in celebration of the winning of the Big Ten basketball championship. The Michigan under-graduates now are planning to boycott the two theaters.

University of Washington—

Coach Russell Callow, varsity rowing mentor, has declared himself a pacifist. "It takes a thousand times more courage," he said recently while addressing an underclass luncheon, "to stand up and say you won't go to war than to shoulder a gun and go along with the rest. I consider Sherwood Eddy, the eminent pacifist, every bit as brave as John J. Pershing."

Stanford University—

Great progress is being made by local boards in California in providing facilities in physical education. The outstanding accomplishment at Stanford University has been the inclusion of athletics under the Physical Education Department and the selection of Dr. Storey to head the work. Let's hope that other institutions in California follow suit.

UNIVERSITY 20 YRS. OLD

"University Day" this year has a special significance," says President D. L. Crawford, for the institution is just twenty years old, if we reckon from the time the Territorial Legislature first enacted the charter on which the University was developed.

Just twenty years ago, March 25, 1907, the Territorial Legislature passed Act 24 establishing the College of Agriculture and Mechanic Arts of the Territory of Hawaii. That was the beginning of the University of Hawaii and in the twenty years since then it has grown so fast that instead of a student body of eight it is now over 800, and instead of a graduating class of three it is now nearly 100, and in place of the original teaching staff of a dozen there are now nearly 70.

In Frame Building

"Instead of one wooden building on the grounds of a high school down town it now has a campus and farm of 100 acres with splendid buildings and laboratories with a total value today probably over two million dollars.

"Starting as a small agricultural college with a territorial appropriation of \$15,000 for a two-year period for running expenses, it now is a university of broad scope and strong foundations, receiving more than a half million dollars from the Territory for its support during a two-year period, not including the special appropriations for buildings. From the outset, the institution has received \$50,000 each year from the Federal government.

Measure in Service

"The best measure of its growth, however, is the service rendered to Hawaii, rather than the numbers of students or the amount of money spent. In the early years it filled no large place of service in these islands, for few people really knew about it and fewer still had any idea of its potential possibilities and were inclined to regard the tiny college rather lightly and perhaps even with some contempt.

"From that humble beginning, however, it has grown in the estimation of the people of Hawaii until now practically everybody knows about it and has enjoyed some kind of useful contact with it—either for its instructional service, or by its expert investigation of some difficult problem, or through the advantages offered by its extension service, or perhaps it has been the enjoyment of seeing a good football game or some other kind of sport or a dramatic performance, glee club concert or debate in which the university students have participated.

The Real Test

"This, after all, is the real test—the people of Hawaii do feel the presence of the University and believe in its usefulness, and are satisfied that the large investment made here is paying dividends in the way of young men and young women educated to do their part well in the work of the territory, with other dividends added in the way of public service and general advancement of the cause of education in these islands of the Pacific.

"While twenty years have elapsed since the Legislature first enacted a "charter" for our institution, the actual beginning of the college was only nineteen years ago, for the legislation took place in March, 1907, but the first collegiate year did not open until September 14, 1908.

"It is appropriate now, however, to recognize the twentieth anniversary of that occasion when by its characteristic wisdom and foresight our Territorial Legislature established an institution of higher learning in Hawaii and laid the foundation for the present University of Hawaii, which many believe has only begun its real development and growth."

"U. S. FOSTERS EXTERMINATORS"

The United States government snubs productive effort and fondless corruption. It provides books, clothes, and cash for university business of butchering their fellow-men.

R. O. T. C. units over the nation have vast sums of money given them by Uncle Sam in order that thousands of students may become expert leaders in legalized organized murder. Our government offers no such inducement to the students who want training in productive vocations and professions.

Architects, doctors, engineers, and lawyers are necessary at all times; so, why in the name of justice, are they also not provided by the government?

Crops Class Visits Conference Session

Dr. Frederick G. Krauss and his class in Crops attended the round-table discussions of the Pan-Pacific Conference at 9:00 A. M., Thursday, April 14, at the Moana hotel.

On the same day, Burt Adams Tower excused his 8:30 and 9:30 classes in English 120 to attend the conference also. A group of his students attended the discussions on reclamation and recreation at the Moana hotel; another group attended the discussions on education at the Royal Hawaiian ball room.

The aim of the students in attending these discussions was to get an idea of how technical papers are presented. Members of the English classes are to hand in a technical paper of 2000-3000 words before the end of the school year.

At the Moana hotel, the students not only had an opportunity to listen to the reading of papers, but also to look at the valuable paintings and pictures. A group of pictures showing a desert scene, a water dam, and vegetation and livestock areas in the desert region after irrigation depicted the results of reclamation.

Spectacular scenes of national parks were also exhibited. Beautiful light effects added to the vividness of the pictures.

CALENDAR

APRIL

Friday, April 22. Preliminaries, Berndt Oratorical contest. Hawaii Hall 7:30 p. m.

Saturday, April 23. University Campus Day. All day till 10:30 p. m.

MAY

Friday, May 6. Berndt Oratorical contest. Mission Memorial hall. 7:30 p. m.

May 7, Saturday—Chinese Students Alliance Meeting and entertainment at the Nuuanu Y. M. C. A.; 7:30 p. m. All welcome.

May 14—Ka Pueo Annual Banquet.

May 27,—Friday—Chinese Students Alliance Meeting at the Mission Memorial Hall; 7:30 p. m. All welcome.

Saturday, May 28. Final exams start. Till June 4, Saturday.

JUNE

Monday, June 6. 16th annual Commencement.

SOPH-FROSH PICNIC, 7TH

A sophomore-freshman picnic will be held at Charles Hemenway's beach home, at Kahala, on May 7th.

The committee arranging the program for the picnic includes Earl Nishimura, Sam Kawahara, William Lydgate, Miss Ada Forbes, and "Big Harry" Dean.

ALUMNAE VISIT U. H.

Miss Cenie Hornung and Miss Ella Nora Ryan, both of the class of 1926 of the University of Hawaii, paid a visit to their Alma Mater last Thursday. They have been teaching at Kona-waena Junior high school since graduation and were taking their Easter vacation.

with clothes, books and money, as well as are those who seek instruction in the work of exterminating mankind?—The Dove, University of Kansas.

Plans Completed For Big University Day

Program of Exhibits, Sports, Luau, Smoker, is Arranged

(Continued from Page 1)

Professor Wise plans to have plenty of pork, kalua and lau-lau; plenty of fish, nice fat mullets from the fish ponds of Miss Lydia Cox and Miss Doris Loo; sweet potatoes from his Molokai farm, chicken a-la-wise, squid, kulolo, haupao and many other delicacies.

The luau on University Day last year was so popular that scores had to be turned away. This year, however, a special effort will be made to have adequate accommodations for all who come. Richard Rice, who is in charge of the luau pavilion, states that he can accommodate at least 1000 people.

Dress Show Planned

Of interest to the girls of the university and the women of the city is the gigantic fashion show called the "Dress Rehearsal," planned by Madame Dahl. Pretty university co-eds will pass in review, garbed in elaborate and beautiful gowns made by their own hands and labor.

"This will be even better than any fashion show that is being held in New York or any where else," Madame Dahl said. The rehearsal starts at 2 p. m.

R. O. T. C. Tourney

The R. O. T. C. will stage a big tournament as one of the main attractions of the afternoon. The Star Bulletin "best soldier contest" will be held again. In addition there will be numerous other contests between the various companies. Competition will be very keen as several cups and ribbons have been offered to the winners.

A horseshoe throwing contest, featuring the best that varsity has against the champions of the city; a baseball game, an inter-class swimming meet, a band concert, and a smoker are other events planned for the day.

Visitors Welcomed

In the morning, visitors will be shown around the campus and through the buildings where the various departments will have exhibits. Professor Louis Henke, chairman of the exhibit committee, has secured the cooperation of the heads of the different departments in the matter of appropriate exhibits from their departments.

Notable among the exhibits will be those from the art class under Prof. Huc Luquens, the home economics department under Miss Miller, the millinery classes under Madame Dahl, and the farm exhibits arranged by Professors Krauss and Henke and the Aggie Club.

Officials Announced

Otto Klum is general chairman of the program, Prof. Louis A. Henke, chairman of exhibits; Prof. John Wise, luau committee; Daniel Ainoa, sports; David Penhallow, finance and William Lidgate, publicity.

Members of Chairman Wise's luau committee include: Hong Chang Wong, executive chairman; Leonie Schwallie, decorations; Richard Rice, arrangements; Gladys Pierce, serving; Nina Bowman, entertainment and Earl Nishimura, tickets.

Entomology Class Will Present Big Exhibits

The entomology class under E. H. Bryan Jr. will have a four table exhibit in room 107, Hawaii hall this Saturday.

The work on display this year will differ from last year's exhibit in that it is almost entirely the work of students of the university.

The first table will be devoted to systematic entomology—the classification and relation of insects.

The second table will treat morphology and physiology of insects, the third distribution, and the fourth economic entomology, that is the relation of insects to the interests of man.

The beginning students in entomology make collections of insects which are sorted and classified by advanced students.

This work has been greatly helped by contributions of four experiment stations which, because of their better facilities, are able to supply the university with material it could not

Rainbow Team Takes Second Place In Meet

(Continued from Page 1)

440 yds. dash—Crozier (OCC), Cabrinha (OCC), Giles (UH), Wakatake (UH). Time: 50 4-5 sec.

880 yds. run—Kahoiwai (P), Harrison (P), Lindsay (OCC), Cheatham (UH). Time: 2:03 sec.

One mile run—Corney (A), Castanha (P), Low (UH), Hodgson (A). Time: 4:40. (Old record—4:43 2-5).

Two mile run—Corney (A), Harrison (P), Medeiros (Un), Williams (UH). Time: 10:14 2-5. (Old record—10:46 1-5).

120 yds. high hurdles—J. Whittle (P), Gannon (OCC), W. Whittle (UH), W. Vannatta (UH). Time: 16 3-5 sec.

220 yds. low hurdles—Melim (OCC), Ching (UH), J. Whittle (P), W. McGuire (OCC). Time: 26 sec. flat.

One mile walk—Myatt (UH), Meinecke (P), Helbush (Un), M. Dease (UH). Time: 8:03 3-5 sec.

Half mile relay—Outrigger Canoe Club (Penhallow, Danford, Melim, Crozier), first; University of Hawaii second; Palama, third. Time: 1:31 4-5 sec. (Old record—1:32).

One mile relay—Outrigger Canoe Club (Danford, Cabrinha, Deverill, Crozier), first; University of Hawaii, second; Palama, third. Time: 3:32 1-5. (Old record—3:33).

Pit Events

Pole Vault—Correia (P), Gartley (OCC), Tanimura (Y), Wicke (OCC). Height: 12 feet.

High Jump—C. Luis (P), Anderson (OCC), Gannon (OCC), W. Holt (UH). Height: 5 ft. 9 in.

Broad Jump—Lemes (UH), Ching (UH), Cabrinha (OCC), W. Holt (UH). Distance: 20 ft. 8½ in.

Field Events

16 lb. Shot Put—De Mello (P), Wriston (UH), C. Farden (OCC), Gomes (P). Distance: 42 ft. 1½ in.

440 yds. relay—McKinley Athletic club, first; Kalihi club, second; Olympic club, third. Time: 58 2-5 sec.

Miss Miller suggests that the pig for the luau Saturday night be roasted where visitors interested in the Hawaiian method of roasting can watch the process. She suggests that a definite time and place for the roasting of the pig be set. It is important that visitors know exactly when the pig is to be placed in the imu and when it is to be removed, she says.

Last year, Miss Miller said many visitors were interested in the roasting of the pig but did not know when or where to watch it.

otherwise obtain. The experiment stations are: the Hawaii Agricultural Experiment Station, the Board of Agriculture and Forestry, the Hawaiian branch of the U. S. Bureau of Entomology, and the Hawaiian Sugar Planters' Association.

Mr. Bryan says he is well pleased with the work which has been done in entomology during this year and hopes the interest in entomology will be expanded during the next few years.

University Chorus To Sing At Contest

Three High Schools Will Compete in Song Tournament

Three high schools and the University of Hawaii will be represented at the second Interscholastic Glee Club contest this Friday evening, at Mission Memorial Hall. The three high schools, Kamehameha, McKinley and Mid-Pacific are entrants in the contest, while the University Chorus under the leadership of Dr. Paul Kirkpatrick will give two selections, while the judges are out.

School Clubs Ready

Each high school club is putting on the finishing touches to the contest song "At the Crossroads" and the two other songs of their choosing. The University Chorus will sing "Day-break," by Gaul, and "The Skippers of St. Ives," by Roedel. This is the first public appearance of the University Chorus.

Instrumental Trio

In addition to the glee clubs competing and the University Chorus, there will be selections by an Instrumental Trio consisting of Violin, 'Cello, and Piano. The members of the trio are Mrs. Paul Kirkpatrick and Mr. and Mrs. Dwight Rugh.

Accommodations Limited

Members of the student bodies of the three high schools and their friends are expected to be present and boost their own clubs. Other people should hasten to get tickets if they desire to attend the Concert, as Mission Memorial Hall is comparatively small for such a program.

At the first Interscholastic Glee Contest at which Kamehameha won first place and Mid-Pacific received honorable mention, over eight hundred people were present.

Tickets may be secured at twenty-five cents each from members of the school glee clubs, or at the University Y. M. C. A. office at the University.

Barnyard Golf Matches Progressing Steadily

With Roy Jacobson and Murray Heminger winning their sets in the second round of the annual Aggie club horseshoe tournament, the favorite game of the farmers is slowly progressing. It is hoped that matches will be played as soon as possible so that the winner can claim his prize at the luau Saturday evening.

From the results of the games thus far played, all dope points to another victory by Heminger. Murray for the past two seasons has "copped" the silver cup that has been offered to the best shoe tosser.

The winner to date are: G. Lindsay, 21-19, 21-19; D. Dease 21-13, 16-21, 21-14; K. Harada 21-18, 17-21, 21-15; R. Jacobson 21-8, 21-12; J. Devereux, default; L. Lai 21-13, 21-19; D. Olmstead 18-21, 21-15, 21-11; J. Jensen 21-6, 21-3; T. Sakihara 21-6, 21-9; M. Dease 21-11, 21-16; Y. Hasegawa 21-18, 21-12; M. Heminger 21-20, 21-9; K. C. Lau 21-16, 21-10; S. Keala 21-19, 11-0.

There are still several remaining matches in the first round to be played off. With but four days remaining to play, those still in the tournament should be reminded that time is limited and they should play as soon as possible.

Wraps either match exactly, and are of three quarter length, or else they are striped or printed terry cloth, striped flannel, printed crepe or rubberized silk, in wraps or shawl-like squares. Coolie coats are find-

University Farm Will Be Open On Saturday

The University farm is to be open for inspection on Campus day and visitors are cordially invited to visit the dairy, poultry farm and piggery. There will be students in charge to show and explain the work of the plant and all interested in modern and scientific farming will find many things of interest.

The dairy will display full blooded stock in the pink of perfection. A walk down the farm road to the dairy will provide a glimpse of life on the farm of which city folks are none too unfamiliar.

A modern dairy is an inspiration to many, just to see the contented animals. They are all being dolled up, hides are washed and shined, horns and hoofs manicured, so that they will be primed for the show.

The chickens and peeps, are on exhibit and the various stages of hatches are to be displayed in the brooders. There are handsome varieties of chickens from the snowy white leghorns with bright drooping combs to the sturdy Rhone Island reds and the Barred Plymouth Rocks.

The University pigs are a delight to see in this country, where luaus are so popular and their pedigrees are as long and as important as those of their neighbors, the cows and chickens.

ing favor in Palm Beach.

Bandanas to match are worn, and the raffia parosol is much in vogue in the brightest of colors for general beach wear.

Degrade or directly contrasted sections are used in the wool jersey suits, and frequently the upper section is of one color and the trunks of another.

Student Y To Hold Meeting Wednesday

Sixth Annual Assembly is Planned at Parish House

The University Student Christian Association will hold its sixth annual meeting next Wednesday evening at the Central Union parish house. An interesting program has been planned by members of the association, beginning with games and fellowship competition, followed by a "chowder feed," and entertainment of a varied nature.

President Crawford to Speak

Following the custom of several years the President of the University will address the student and faculty members and friends of the University Y, upon the subject, "What the University Administration Expects of the Student Christian Association."

This year our new president, David L. Crawford will have a very important and challenging message for the University Y. men. President Crawford has been an active member of the University Student Christian Association advisory board for six years, and is the acting chairman at present, and will put before all who are present at the annual meeting the demands of the university upon the association and its expectations for the coming year.

Secretary Scott Speaks

Another feature of this year's annual meeting will be the presence of the General Territorial Secretary of the Young Men's Christian Association. Merle Scott will address the meeting upon the topic, "What the Territory Expects of the Student Christian Movement in Hawaii."

All men of the university whose thinking is quickened by the doings of students around the world, and the strategic place the Christian student movement in Hawaii has in relation to the World Student Christian Federation and its influence among the students of the world, will find Mr. Scott's address full of valuable information, a significant challenge to the student group in Hawaii.

It is possible that students of Hawaii are as well informed of the life, problems and trends of fellow students around the world, as the students in mainland United States, but it is more important that students of Hawaii know more of world student trends, thoughts and expressions. Merle Scott is well informed upon the Student Christian movement and will give us all a new view of our place as students of the world.

Annual Election

At the annual meeting of the University Y. M. C. A. to be held next Wednesday evening, the following men will be voted upon for heading up the Student Christian Work in the University:

President: Hung Wai Ching, Francis Sato, David T. W. Yap.
Vice-President: John Devereaux, Shiku Ogura.

Secretary: K. T. Lee, Masao Yamada.

Treasurer: Walter Mihata, Earl Nishimura.

Faculty Adviser: Prof. K. C. Leebrik, Prof. Romanzo Adams.

Year's Reports Made

Cabinet and Council men will make their annual reports of the year's activities with recommendations for the coming year. For students and faculty men who wish to know what the Student Christian Association actually does during a college year these reports will be enlightening.

Tickets on Sale

The "chowder feed" is guaranteed by "Chicken" Yamada to be a bargain. Its price is thirty-five cents (\$.35) but "Chicken" says it'll be worth four-bits at least. Judging from previous performances members are inclined to believe Yamada.

DWIGHT RUGH.

Fashion Styles To Be Exhibited Saturday

(Continued From Page 1)

Miss Alice Dennison will appear in a sports ensemble of silk and wool Channel red. She will also show a heavy sport coat and hat of grey novelty wool material and a green crepe de chine ensemble. Another piece of her handiwork will be a beautiful black horse hair hat with painted flowers.

Miss Edith Gregg will feature a sea green hat of horse hair braid.

Miss Lita Taylor will wear a Palm Beach costume in grey and blue, and also a dinner gown of white crepe roman.

Miss Woodhull in White

Miss Flora Woodhull will display a lovely white satin dress trimmed in fringe set off by a blue horse hair hat.

Miss Christine Doty will appear in a rose dinner gown of crepe, and later in a lavender blue crepe roman dinner frock.

Miss Sue Rathbone will promenade in a black and white crepe dressy-sport outfit. Another of her creations will be in yellow and white for the more formal sport occasion.

Miss Mae Morris will wear a yellow brown satin back crepe dinner gown.

Miss Isabel Hockley will exhibit a two tone red voile sports frock.

Mrs. Alice Rierison will show a white and green crepe sports outfit, and a blue afternoon ensemble.

Mrs. Campbell will display a black velvet evening gown. Another of her designs to be on exhibit is a grey green sports ensemble.

Miss Chiyoko Sadayasu will wear a pink crepe sports frock.

Pink Sport Frock

There will be many other students promenading in their various creations for the edification of the general public, and the show cases will be filled with beautiful flowers and hats all designed and executed by the members of the Household Arts course.

Who Will Win Dorm Drama Competition?

Who will win the Dorm Competition play this year? The girls have won the Palmer banner for the last two years, but what will they do without Maui Wilcox's masculine voice and boyish bob this time?

Perhaps some of the girls can develop laryngitis for the occasion and then we'll be greeted with unsuspected volumes from the mucous membranes of our feminine friends from the Inn.

Remember "The Best Man" last year, with Larry Thomas and Ike Cheatam as leading ladies. They both made very seductive and dainty pieces of femininity. But their charm didn't work, so we hear they are starring Wriston as perhaps a more impressive Lady Macbeth type of a woman? Or is it going to be a burlesque?

The girls are having trouble per usual to get dress suits for those taking masculine parts, and their brother competitors are not a bit helpful, because they need them themselves. Wait till they come around Chicken Inn to borrow spangles or period gowns!

—M. L.

Journal of "Boners" Is Interesting Record

Mr. H. L. Mencken, whom someone aptly called connoisseur of human ignorance, would enjoy the Log Book kept by the English department at the University of North Carolina. In that amusing journal is kept a record of the outstanding boners committed by freshmen and others.

Here it is recorded by one freshman that David Copperfield's novels are infinitely superior to anything Dickens ever wrote. Another first yearling recalled having read Hawthorne's "House of Seven Gabriels."

Gems are culled from compositions. A freshman describing a singer said: "She had a charming voice of melodious noise."

"I pulled through a disease," another recalls, "which was a victim of my sister." She was a microbe hunter, we presume.

In a public speaking class an embryo Wendell Phillips exclaimed: "Mr. Speaker, I smell a rat in my opponent's remarks, but I suppose to keep him while it's young."

Pity the poor English instructor!—Thompson Student.

Harold Castle Speaks At Aggie Club Meeting

The Aggie Club sponsored a very interesting lecture and moving picture show on "Beef Cattle," Monday evening in Gartley Hall by Harold Castle, owner of the Kaneohe Ranch. The lecture and movies were chiefly on Mr. Castle's recent trip to the International Livestock Show in Chicago. The pictures were well taken and some of the finest breeds of beef cattle were shown, including some of the grand champions of many years.

On his last trip to the International Livestock Show in Chicago, Castle took some of his own breeds there and made a very creditable showing.

Fable of the GROUCH

ONCE there was an Egg with a Sour Disposition. Nobody loved him; no ray of SUNshine Ever entered into his LIFE. Sadly, he plodded along day after day. Then . . . there came a Change, a Great and MARvelous Change for the BETter. Now he is loved by ALL. It is WONderful how candy can bring about a metaMORphosis even in an Egg like THAT.
